RMC Memorial Foundation H.O.P.E Golf Classic Sat. June 1, 2013

The RMC (Robert Martin Conley, Jr.) Memorial Foundation (501 c3*) is a memorial for a father, brother, colleague, and friend. Robert grew up in Wilkinsburg, graduated from Indiana University of Pennsylvania, and practiced as a Certified Public Accountant. He had two sons, Ryan M. and Patrick F. Conley.

Facing life threatening illnesses with cirrhosis and liver cancer Robert was placed on a liver transplant list. Unable to secure a liver due to financial and medical complications, Robert passed away Nov. 3, 2000.

The goal of The RMC Memorial Foundation is to create transplant donor awareness and benefit local families with children in need of financial assistance. The transplant process can bring about many hardships for families. The RMC Memorial Foundation is dedicated to Helping Other People Enjoy Life (H.O.P.E).

This past year's H.O.P.E. Golf Classic recipient was three year old Laith Dougherty. He began his complicated medical journey following a routine check up. Laith was diagnosed with an enlarged heart due to a large ventricular aneurism and cardiomyopathy. In 2009 he moved to Pittsburgh and received a heart transplant at 5 months old. Following some complications he received a second heart transplant in 2012. Today he and his family continues their journey with a little more H.O.P.E.

Facing ongoing medical treatments and expenses; together we can offer H.O.P.E to more families and their children. The nomination deadline for 2012 consideration is February 28, 2013.
